

Switching Channels in TPS: Rare events within rare events

David W.H. Swenson
École Normale Supérieure de Lyon

American Physical Society March Meeting
17 March 2021

Funded by the EU (Project n°676531)

www.e-cam2020.eu

Outline

- Transition path sampling
- Channel switching
- Two biological systems with channel switching
 - Watson-Crick to Hoogsteen transition in DNA
 - Comparing wild type and oncogenic mutant dynamics in KRas
- Work in progress
